Lenten Study: *The Search: Find The Meaning Of Life*
 We live in a time of unprecedented technological progress. In a relatively short time, we have seen our social, moral, and technological assumptions break away from their foundations. The engineers of this new reality offer us remarkable opportunities for personal happiness, fulfillment, and connectedness. Or so it would seem. Yet, for all of the changes we have seen, people do not seem happier, more fulfilled, or better connected. We are still asking the same questions that have been asked by every generation since humans arrive on the scene. Who and I? Why do I exist? What is the point of my life? Because of these questions, the Augustine Institute has created *The Search*. Chris Stefanick will be our guide along with seven 25-minute videos. **Are you ready for The Search this Lent?** Contact Josie at 223-2176 or 280-9428, and we'll set a time to gather.
